CONTENTS OF *VETERINARY PARASITOLOGY*, VOLUME 33

VOL.33 NO. 1 — 15 AUGUST 1989

Special Issue: History of Veterinary Parasitology

Editorial
History of veterinary parasitology: a glorious past
S.M. Gaafar (West Lafayette, IN, U.S.A.) 1

Texas fever, two-headed calves and the Hatch Act — 100 years and counting for veterinary parasitology in the United States
J.B. Malone (Baton Rouge, LA, U.S.A.) 3
Veterinary parasitology — a Canadian perspective
O. Slocombe (Guelph, Ont., Canada) 31
History of veterinary parasitology in France
L. Touratier (Bordeaux, France) 45
History of veterinary parasitology in Germany and Scandinavia
K. Enigk and H.C. Habil (Hannover, F.R.G.) 65
The history of veterinary parasitology in Spain
M. Cordero del Campillo (León, Spain) 93

VOL. 33. NO. 2 — SEPTEMBER 1989

The efficacy of triclabendazole (Fasinex®) against immature and adult *Fasciola hepatica* in experimentally infected cattle
S. Fuhui, L. Bangfa, Q. Chengui, L. Ming, F. Mingbao, M. Jiliang, S. Wei (Shanghai, China), W. Siwen (Dong Sheng, China) and J. Xueliang (Sichuan, China) 117
Efficacy of the morantel sustained release trilaminate matrix against gastrointestinal nematodes in beef calves
L.G. Rickard, G.L. Zimmerman, E.P. Hoberg, D.W. Weber, R. Miller (Corvallis, OR, U.S.A.) and P.W. Lockwood (Terre Haute, IN, U.S.A.) 125
Gastrointestinal nematode infections of goats in a sub-tropical and humid zone of India
A.K. Yadav and V. Tandon (Meghalaya, India) 135
Effects of temperature and relative humidity on development and survival of the free-living stages of *Trichostrongylus colubriformis*, *T. rugatus* and *T. vitrinus*
L. Beveridge, A.L. Pullman, R.R. Martin and A. Barelds (Adelaide, S.A., Australia) 143
Increased establishment of lungworms (*Dictyocaulus viviparus*) in calves after previous infections with gastrointestinal nematodes (*Ostertagia ostertagi* and *Cooperia oncophora*)
A. Kloosterman, K. Frankena and H.W. Ploeger (Wageningen, The Netherlands) 155
Responses of immunoglobulin-secreting cells in the skin of pigs during *Sarcoptes scabiei* infestation
G.H. Morsy and S.M. Gaafar (Lafayette, IN, U.S.A.) 165
The effect of the pattern of attachment weights of female *Ixodes rubicundus* on the epidemiology of Karoo paralysis in a naturally infested flock of sheep
T.N. Petney (Grahamstown, South Africa), L.J. Fourie and C. de Jager (Bloemfontein, South Africa) 177

Short Communications

The acid phosphatase activity and morphological characteristics of *Dipetalonema dracunculoides* (Cobbold, 1870) microfilariae
L.M. Ortega-Mora, M. Gomez-Bautista and F.A. Rojo-Vazquez (Madrid, Spain) 187
New potential intermediate host of *Moniezia expansa* Rudolphi, 1810, in Argentina
G.M. Denegri (La Plata, Argentina) 191

About the Authors 197

VOL. 33 NOS. 3–4 OCTOBER 1989

The use of an enzyme-linked immunosorbent assay for estimation of the immune status of chickens artificially immunized against coccidiosis
H. Onaga, M. Togo, Y. Kudo, T. Motohashi and T. Ishii (Tokyo, Japan) 199
Ultrastructure of *Sarcocystis tenella (Sarcocystis ovicanis)*
I. Vlemmas, G. Kanakoudis, Th. Tsangaris, I. Theodorides and E. Kaldrymidou (Thessaloniki, Greece) 207
Prophylactic efficacy of buparvaquone in experimentally induced *Theileria annulata* infection in calves
G.C. Bansal and N.N. Sharma (Izatnagar, India) 219
Prevalence of *Toxoplasma gondii* infection in cats in Georgia using enzyme-linked immunosorbent assays for IgM, IgG, and antigens
M.R. Lappin, C.E. Greene, A.K. Prestwood, D.L. Dawe and A. Marks (Athens, GA, U.S.A.) 225
Prevalence of helminth infections in swine in Denmark
A. Roepstorff and S.E. Jorsal (Frederiksberg C, Denmark) 231
Production and consumption of T cell growth factor by peripheral blood lymphocytes of cattle infected with *Taenia saginata*
M. Huwer, S. Sanft, J. Ahmed and F. Hörchner (Berlin, F.R.G.) 241
Seasonal translation of equine strongyle infective larvae to herbage in tropical Australia
G.W. Hutchinson, S.A. Abba and M.W. Mfitilodze (Townsville, Qld., Australia) 251
Three treatments with ivermectin in year-long control of gastrointestinal nematode parasites of weaner–yearling beef cattle
J.C. Williams, K.S. Marbury, R.A. Swalley, R.E. Willis (Baton Rouge, LA, U.S.A.) and J.W. Knox (Bossier City, LA, U.S.A.) 265
Development of resistance to *Trichostrongylus colubriformis* in goats
W.E. Pomroy and W.A.G. Charleston (Palmerston North, New Zealand) 283
Hypoglycaemia in experimental canine trichinellosis
D. Reina, M. Habela, I. Navarrete and F. Martinez-Gómez (Cáceres, Spain) 289
Variations in innate resistance to experimental *Toxocara canis* infection in two strains of mice
M.N. Abo-Shehada and I.V. Herbert (Bangor, Gt. Britain) 297
Characterization and purification of *Parafilaria bovicola* antigens by chromatofocusing to enhance specificity in serodiagnosis
B. Sundquist, S. Bech-Nielsen and G. Zakrisson (Uppsala, Sweden) 309
Seasonal incidence of Karoo paralysis in relation to the infestation density of female *Ixodes rubicundus*
L.J. Fourie, C. de Jager (Bloemfontein, South Africa), T.N. Petney and I.G. Horak (Grahamstown, South Africa) 319

The effect of the bont tick (*Amblyomma hebraeum*) on the weight gain of Africander steers
R.A.I. Norval, O.G. Jorgensen, J.D. Gibson (Harare, Zimbabwe), R.W. Sutherst and J.D. Kerr (Indooroopilly, Qld., Australia) 329

Short communication
The immune response in cattle infected with *Tritichomonas foetus*
P. Soto and A.E. Parma (Tandil, Argentina) 343

Book Reviews
Host-parasite interactions 349
Veterinary immunology 350
